

WPAS Certified Photographer

Code of Ethics

1. I will conform to the ethical, artistic and technical standards in the practice of my profession. I will strive to constantly improve my artistic abilities as a WPAS Certified Photographer. I will make every effort to ensure that every wedding photography meets these standards.
2. I will enhance my artistic and technical competence by attending WPAS approved workshops and courses annually.
3. I will not make misleading promises or advertisements concerning services offered and will be prompt in meeting all schedules.
4. I will only use equipment and accessories of quality and reliability. I will ensure that they will always be in good working condition. I will also have contingency plans in place and make available a spare set of equipment.
5. I will maintain adequate data backup in addition to meeting the promised deadlines of the deliverables.
6. I will ensure that only high quality materials are used in producing prints, digital media and albums.
7. I will respect my fellow professional photographers and work together with them to enhance our reputation.
8. I will respect the doctrines and customs of each House of Worship and will follow the prevailing regulations governing the taking of photographs.
9. I will be neatly dressed in attire appropriate for the occasion and work in a dignified and professional manner.
10. I will conduct myself as a professional photographer in accordance with WPAS standards at all times.
